

ISUILS 9

International Symposium on Ultrafast Intense Laser Science

December 9→13, 2010
Hyatt Regency Maui Resort & Spa

<http://www.isuils.jp/>

[Honorary Co-chairs]

Paul Corkum (University of Ottawa/NRC, Canada)
Hiroki Nakamura (IMS, Japan/NCTU, Taiwan)
Didier Normand (CEA Saclay, France)

[Co-chairs]

Mauro Nisoli (Politecnico di Milano)
Wendell Hill (University of Maryland)
Kaoru Yamanouchi (The University of Tokyo)

“Sponsors”

ISUILS 9 International Committee

[Canada] Andre Bandrauk (University of Sherbrooke) / See Leang Chin (Laval University) / Paul Corkum (University of Ottawa/NRC)
[China] Ruxin Li (Chinese Academy of Sciences) / Zhizhan Xu (Chinese Academy of Sciences) [France] Didier Normand (CEA/Saclay)
Gerard Mourou (Laboratoire d'Optique Appliquee) / Philippe Martin (CEA/Saclay) [Germany] Roland Sauerbrey (Forschungszentrum Rossendorf)
Farhad Faisal (Bielefeld University) / Werner Fuss (Max-Planck-Institute of Quantum Optics) / Gustav Gerber (University of Wuerzburg)
Gerhard G. Paulus (Friedrich-Schiller-Universität Jena) [Greece] Dimitris Charalambidis (FORTH-IESL & University of Crete)
[India] Deepak Mathur (Tata Institute of Fundamental Research) [Italy] Gaetano Ferrante (University of Palermo) / Antonio Giulietti (IPCF/CNR-Pisa)
Mauro Nisoli (Politecnico di Milano) / Dimitri Batani (Università di Milano Bicocca) [Korea] Chang Hee Nam (KAIST) [Spain] Luis Roso (University of Salamanca)
[UK] Kenneth Ledingham (University of Strathclyde) / Leszek Frasinski (University of Reading) / Jon Marangos (Imperial College, London)
[USA] Robert J. Levis (Temple University) / Pierre Agostini (Ohio State University) / Wendell Hill (University of Maryland) / Howard Reiss (American University)
Andreas Becker (University of Colorado) [Japan] Kaoru Yamanouchi (University of Tokyo) / Nobuaki Nakashima (Osaka City University)
Hirohiko Kono (Tohoku University) / Kensuke Ikeda (Ritsumeikan University) / Katsumi Midorikawa (RIKEN) / Kazutaka Nakamura (Titech)
Yoshiaki Kato (The Graduate School for the Creation of New Photonics Industries) / Koichi Yamakawa (JAEA) / Fumihiko Kannari (Keio University)

ISUILS 9 Session Titles

- ▶ Session 1: "Molecules in intense laser fields"
- ▶ Session 2: "Superstrong laser field science"
- ▶ Session 3: "Laser-matter interaction: propagation and interaction with solid"
- ▶ Session 4: "Ultrafast X-ray imaging"
- ▶ Session 5: "High-order harmonic generation and its applications"
- ▶ Session 6: "Generation and applications of attosecond pulses"
- ▶ Session 7: "Ionization of atoms and molecules"
